

## PAYMENT OPTIONS FOR TREATMENT

Gateway Alcohol & Drug Treatment Centers offer convenience and flexibility in terms of payment options. We accept most health insurance benefits and offer several other payment options to cover the cost of care.

### WHAT IS INCLUDED IN THE COST OF TREATMENT?

As part of your treatment at Gateway, we work hard to ensure all of your needs are cared for. The cost of our treatment programs include individual and group counseling and therapy, family education programs and family counseling. Accommodations and meals are included for those in Residential Treatment Programs (meals for those in day treatment).

Prior to admission, you will receive a detailed review of the treatment services and related costs depending on what type of program you may be admitted into. At Gateway, we are confident you will find our treatment costs are typically more affordable than at similar centers.
