

HELPING ADULTS AND TEENS GET LIFE BACK ON TRACK

At Gateway Alcohol & Drug Treatment Centers, we help adults, teens and young men get their lives back on track and give renewed hope to those who care about them.

We want every person to know they are not alone along their path to recovery. Our experienced team of substance abuse experts is here to provide support and guidance, every step of the way.

FREE, CONFIDENTIAL CONSULTATION

Our confidential process begins with a free consultation to assess the nature and extent of one's alcohol or drug problem. Treatment options that may help an individual prepare for lasting recovery as well as financial matters are discussed.

PERSONALIZED TREATMENT

Our personalized treatment programs help individuals learn how to live a balanced lifestyle that is free of drugs or alcohol and how to improve the quality of their relationships. Our team of dedicated counselors and clinicians work hard to understand each person's unique needs and circumstances.

Personalized treatment plans take into consideration an individual's substance abuse and mental health problems as well as daily routine and commitments. Through personalized treatment planning, we learn the underlying causes of one's addiction so the recovery process may begin.

EXPERTISE AND EXPERIENCE

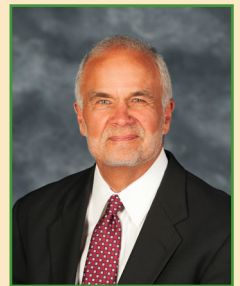

Gateway Treatment Centers provide the most advanced treatment options, which include clinically proven evidence-based therapies. Our goal is to empower people by providing them with the tools and knowledge they need to support their lasting recovery.

To learn more about the evidence-based practices used in Gateway's treatment programs visit RecoverGateway.org/EBP

Call 877-505-HOPE (4673) if you have treatment related questions, or want to learn about our free and confidential consultation.

"Our treatment works. The results speak for themselves."

DR. JOHN LARSON
Medical Director
Gateway Treatment Centers

- **10% higher successful completion rate** compared to other treatment providers.*
- **9 out of 10 alumni would refer** their family and friends to Gateway for treatment.**

* Based on information reported by the IL Department of Human Services Division of Alcoholism and Substance Abuse

** As reported from Press Ganey Behavioral Health Survey 2013

Locations Throughout Illinois and the St. Louis Metro East Area

All Gateway Alcohol & Drug Treatment Centers are licensed by the state of Illinois and accredited by The Joint Commission.

 Insurance Accepted

Gateway Treatment Centers help individuals understand and overcome addiction. Our substance abuse experts provide counseling and therapy to give adults and adolescents the tools and knowledge needed to manage addiction on an ongoing basis. Our programs help people learn how to live a balanced lifestyle that is free of drugs or alcohol and how to improve the quality of their relationships.

OUR COMPREHENSIVE APPROACH INCLUDES:

- Substance abuse education.
- Individual and group counseling.
- Medication to reduce or eliminate cravings and withdrawal symptoms.
- Therapy for underlying mental health concerns (co-occurring disorders).
- Family counseling and education to help parents and siblings learn how to better cope with the substance abuse issues of loved ones in recovery.
- Education and support for relapse prevention.
- DUI evaluation and education (locations vary).
